1. I was born on Good Friday.
2. My mom found out that I was Deaf at age 2 after she tried yelling my name when I was walking to greet my dad out in the field.
3. I attended Milford Community College without an interpreter. I had a note-taker and managed to complete my mechanic degree.
4. Picking on a girl at school who disliked me because I was a farmer boy but managed to get her as my wife. We have been married for 46+ years.
5. I am still farming at my family's farm and plan to continue until I retire (maybe in two years)
6. After I graduated from Milford Community College, I worked at Rehm Implement as a diesel mechanic for 13 years until they closed due to retirement. American Tools (formerly Petersen Mfg.) hired me as an electrician maintenance for 18 years until they closed. After that, I decided to farm for my father.

7. Red is my favorite color, and I like blue, too.

8. I owned a bike, a Harley-Davidson 2008.

9. At age 4, I took the pen from my dad's pocket and took it apart. My dad told me to put them back on, and it took a while for me to get them together. After that, I like to fix everything.
10. I have a sweet tooth. I love desserts, especially cake.
11. I owned a blue 1950 Ford, which belonged to my parents. It was sitting in the barn when I decided to fix it up. My wife sewed the interior, and it is still sitting in our garage. I also owned a 1952 Ford pickup.
12. My family heritage is from Germany, and I hope to go there someday, maybe after I retire.

13. I collected International Harvester toy tractors.

14. I have a Deaf dog named Jory. He is our third Deaf dog.

15. I was always a teacher's pet. (that was what my wife said). At one time in English class, we were taking a test. I got an A+, but a note was written saying, "You cheated on Peggy's paper!"
