

# DID YOU KNOW?

By Treasurer Debra Weyers, Class of 1979

At NSD, some students completed the Junior course in Lifesaving and Water Safety during our time in school. This course was offered from the 1971-1972 school year to the 1974-1975 school year. I'm not sure if any additional courses were available after 1975. Our instructor, Mrs. Kay Taylor (Fitzhenry), was quite strict, but it was a valuable learning experience.
