

DID YOU KNOW?

The first time the Haunted House was open to the public at the NSD campus was in October 1983.

It was organized by the Class of 1984.

By Treasurer Debra Weyers, Class of 1979

*The story was written by Scott Steggs, Class of 1984, in the Nebraska Journal in October 1983. *

Haunted House

We, the seniors, brought up the idea to have a haunted house to raise funds for our sneak trip. The chairpersons were Jimmy Petersen and Susan Steinacher. They worked hard to gather ideas from the seniors and we started working on the haunted house on Sunday, the 15th of October. We tried to fix things and we used a lot of tape. That was the biggest headache. We also built a maze and finally at the end of our work, we put on our make up. We tried hard to scare people through the house. It was longer than last year and it started in the boys dorm and ended up at the girls dorm basement through the tunnel. It was much fun and we enjoyed seeing people scared off by the ugly monsters. We really appreciate the people who came to the haunted house. We will come back to the haunted house next year.
